

ROOT4ONLINE.COM

ROOT4ONLINE.COM is ROOT4's website designed to enhance high school sports information sharing. Our goal is to be the site to surf to when looking for any Monroe County high school sports information, from pictures to schedules to roster information to apparel sales flyers customized for your school and sport. While our site is under construction, we encourage schools and school athletic officials to provide as much information as possible to help in making this site as useful as possible as quickly as possible.

Our home page has links to all of the individual schools. It also contains a "Jumbotron" cycling through various photos for all schools. Each school's page has links to each of the individual sports. This page also has a "Jumbotron" cycling through various photos for that school's students and coaches wearing ROOT4 apparel. You are encouraged to send in photos of yourselves wearing ROOT4 apparel. Each sports page then has information on the various teams for that sport (Varsity, JV, etc). These pages contain team photos, rosters, and schedule information for each of these teams. Also available on these pages will be apparel flyers allowing teams to organize apparel sales for their teams. Coaches choosing to organize these sales will be rewarded with a free coaches shirt.

Thanks and good luck to all,

ROOT4
